

# Piusi Stainless Steel AdBlue™ Nozzle

---

60ltrs Per Min (Auto)

## About the product

The [Piusi](#) Automatic Stainless Steel AdBlue™ Nozzle is used for the dispensing of urea, or DEF as it is referred to in the US. As an automatic nozzle, it is designed to shut off the flow when the tank is full, allowing the safe use of the integrated stay open latch.

These [AdBlue™ nozzles](#) are constructed of stainless steel with a plastic hand guard for comfort, and are supplied with a 3/4" swivel hose tail for easy hose connection. This AdBlue™ nozzle is often used in the Suzzara Blue [AdBlue pump](#) kits.

## Features of the Stainless Steel AdBlue™ Dispensing Nozzle:

- Automatic AdBlue™ Nozzle
- Maximum flow rate: 60ltr Per Min
- Suitable for urea and water
- Stainless steel body & spout with plastic guard
- 3 position stay open latch
- Supplied with 3/4" hose barb swivel
